Data Flow Diagram

Level 0 - Center Admin

Data flow explanation

The Center Admin exchanges requests and results with five processes in the Level 0 diagram. D1 contains people and center records, D2 attendance, D3 fees and D4 learning results. Repeated store IDs refer to the same logical store.

ID	From	To	Data carried
DF-01	Center Admin	1.0 Manage users and account access	Credentials, profile and user data.
DF-02	1.0 Manage users and account access	Center Admin	Session, user records and operation results.
DF-03	Center Admin	2.0 Manage student enrollment	Student details and parent/teacher IDs.
DF-04	2.0 Manage student enrollment	Center Admin	Enrollment number and student records.
DF-05	Center Admin	3.0 Monitor and maintain attendance	Month, student and attendance entries.
DF-06	3.0 Monitor and maintain attendance	Center Admin	Attendance history and status totals.
DF-07	Center Admin	4.0 Manage monthly fees and payment records	Billing month, fee edits and payment data.
DF-08	4.0 Manage monthly fees and payment records	Center Admin	Fee records, statuses and collection totals.
DF-09	Center Admin	5.0 Generate center and student reports	Center and student report selections.
DF-10	5.0 Generate center and student reports	Center Admin	Financial, academic and attendance figures.

Data flow explanation (continued)

ID	From	To	Data carried
DF-11	D1 People and center records	1.0 Manage users and account access	Source account, user and center records.
DF-12	1.0 Manage users and account access	D1 People and center records	Saved account and user records.
DF-13	D1 People and center records	2.0 Manage student enrollment	Source student, parent, teacher and center records.
DF-14	2.0 Manage student enrollment	D1 People and center records	Saved student enrollment and account links.
DF-15	D1 People and center records	3.0 Monitor and maintain attendance	Student and center data.
DF-16	D2 Attendance	3.0 Monitor and maintain attendance	Existing attendance records.
DF-17	3.0 Monitor and maintain attendance	D2 Attendance	Saved attendance entries and corrections.
DF-18	D1 People and center records	4.0 Manage monthly fees and payment records	Active student and fee data.
DF-19	D3 Fees	4.0 Manage monthly fees and payment records	Existing fee records.
DF-20	4.0 Manage monthly fees and payment records	D3 Fees	Saved bills, fee corrections and payment details.
DF-21	D1 People and center records	5.0 Generate center and student reports	People and center records for reporting.
DF-22	D2 Attendance	5.0 Generate center and student reports	Attendance records for reporting.
DF-23	D3 Fees	5.0 Generate center and student reports	Fee and payment records for reporting.
DF-24	D4 Learning results	5.0 Generate center and student reports	Saved learning results for academic reporting.
